

Water Advisory Board

September 28, 2016

Meeting called to order at 3:00 p.m. by Ilene Arthur.

Present: City of Caseville: Luigi Zolin and Darin Sprague (sitting in for Todd Talaski).
Caseville Township: Fred Busch and Ilene Arthur.
Village of Pigeon: Steve Corrion.

Others Present: David Quinn, Caseville City D.P.W. Supervisor, Troy Hartz, and Laura Horkey.

Motion, Carried by Busch and second by Zolin to approve the minutes of the July 27, 2016 meeting.

Reports: Quinn introduced Troy Hartz to the board and stated he feels Troy will do a fine job. Quinn reported that the motor at the beach pump has been pulled and has been sent to Lansing to be repaired. The other pump in the area can handle the overflow while the beach pump is being fixed. Quinn reported that the plant is good, the meters were just read and they found a leak in the township. He stated that this will be his last board meeting. Quinn stated that they have a quote for new controls, \$31,000.00 for software and hardware. They have fixed the back-up batteries that went bad.

Quinn reported on the module filters, they have changed to chlorine resistant filters, and they were first replaced 15/16 years ago. He stated that they have stocked parts at the plant just in case they need them in an emergency.

Quinn reported that one of his DPW workers are off on sick leave, not sure of a return time.

Steve Corrion had to leave at 3:15p.m., due to an emergency.

Zolin stated that he has not seen as many zebra mussels as he seen a year ago.

Arthur inquired on who does their pump repair, and Quinn advised Northern Pump & Well.

Correspondence – None

Public Comments – None

Board Comments

Zolin stated that there was good water pressure during Cheeseburger. He asked if spraying for phragmites will hurt our waters, Quinn advised no.

Busch welcomed Troy Hartz

Motion Carried by Busch and second by Zolin to adjourn the meeting at 3:40p.m.

NEXT MEETING: NOVEMBER 30, 2016 @3:00 P.M.

Laura Horkey, Acting Secretary
